

STARCERAM®

Alpha-SiC Powders, Alpha-SiC & -Si₃N₄ Ready to Press from H.C. Starck Ceramics in Selb

abcr has been the exclusiv partner for the small quantities supply for H.C. Starck Ceramics in Selb for more than 10 years. We supply individual units adjusted to your R&D and production process worldwide from our warehouse. abcr has taken over the order and distribution responsibilities for quantities of 100 grams up to 100 kilograms worldwide.

abcr Gute Chemie – since our foundation in 1987 – has meant for us: good products and people who provide good services. We also supply Gute Chemie with more than 300,000 specialty chemical products, such as H.C. Starck ceramic powders.

Our broad powder portfolio

- STARCERAM® S / Alpha-SiC powders
- STARCERAM® S / Alpha-SiC ready to press
- STARCERAM® N / Alpha-Si₃N₄ ready to press

- Small quantities from a few 100 grams up to 100 kg available from abcr stock
- Orders placed directly via webshop abcr.de, shipments sent to your address without intermediate storage
- No minimum order value, you will be charged only for the quantity you order
- Material shipments include the H.C. Starck Ceramics Certificate of Analysis and MSDS
- Short delivery times, **typically within 1 - 2 days**, ex works, shipped with high delivery reliability
- Payment possible by bank transfer and credit card (Visa, Master Card)
- The H.C. Starck Ceramics Technical Service will continue to be at your disposal
